PAUL

Hello everyone. My name is Paul J. Peterson. I'm the leader of the Data Crew. It's been a long time since we were last on-screen.

Paul looks out the window.

PAUL

Oh hey, looks like the rest of the team is here. And I think I see some other people behind them. Wonder who they are.

PHILLOP

Hello Paul. It's nice to find you here. What have you been up to lately?

PAUL

Not much. Just thinking back on the past. And who might be those people you have with you?

PHILLOP

These are some people we ran into on our way here. They expressed some interest in joining our group.

PAUL

Oh, I see.

JENNIFER

Hi. You must be Paul J Peterson. Jennifer Wieland-Thompson is the name. Me and my friends have been searching all over for a friend group to hang out with ever since we moved to Japan a few years ago. We don't know too many English-speaking people out here, so it's nice to meet people who speak the same language as us. We are originally from the state of Michigan in the United States.

PAUL

Nice to meet you, Jen. Mind if I call you Jen?

JENNIFER

Of course. I don't mind. Guys, don't be shy. Introduce yourselves.

PHILLOP

Yes indeed, Jennifer. My name is Phillop Max Toby Parker IV. I was a TDC member from 2004 until its breakup. I like to spend time with a lot of ladies that I desire! I also enjoy 80’s rock music and hair metal, examples include Anthrax, Warrant, and The Killers. I even love to drink tea and I especially love gourmet cooking, especially from HB.

JORDAN

I am Jordan Goodrich. I like anime and gaming. Michael and are best buddies

MICHAEL

Yep. The name's Michael Lawrence. Jordan and I have the same interests, but I also like fishing and vlogging.

LYNN

I’m Lynn Wilson. I like reading and exercising. I used to play for Michigan State University on their basketball, volleyball, soccer, and cheerleading teams. We won first place in cheerleading and Basketball in my senior year.

PAUL

My name’s Paul Jordan Peterson. I joined the TDC in 2006 and became a leader the following year after Takahashi left. Some of the things I enjoy are technology, high-quality graphics, computers, and video games, and my favorite music genres include hard rock, heavy metal, album-oriented rock, pop rock, pop punk, alternative metal, and pop metal. I also have my loyal and holy wife, Quin Landgrabb, with me.

QUIN

I’m Quincie Landgrabb, but you can call me Quin for short. I’ve been married to my beloved Paulie since 2015. I was also a TDC member from 2014 until its disbandment. My Paulie and I have always remained close together, and we have three adoptive sons named Noob, Classic, and Miles.

TALYA

Well… my name’s Talya Carpenter, and I was a TDC member from 2006 until the group’s disbandment; however, I originally left in 2010 and came back in 2017. I have a huge love for punk rock, and I have a

boyfriend named Camden Lorentz, aka Cammie, who is obviously from SDH Triplicity.

NAOMI

My name’s Naomi Perkins, and I was a TDC member starting in 2018 when I replaced the infamous and no-good-for-nothing Olivia Larson, and I am also the adoptive daughter of Kody and Kristine Dendan. One of my hobbies is playing with Beyblades, and I enjoy treats like Sour Patch Kids and Gummy Worms.

GEORGINA

I’m Georgina Sunny Kane. I was the last new addition to the TDC, having joined in 2022. One of my favorites is the 70s and 80s decades, and I even enjoy some songs from certain pop stars like Tina Turner and Aaliyah.

PAUL

I see someone behind you there, Jen. Who might that be?

JENNIFER

Oh, that's Rei. Rei, you should introduce yourself

REI

Do I have to?

JENNIFER

If you want these guys to know who you are, yes, you do. Go ahead!

REI

Ok. Hey everyone, my name is Rei Saito. I like anime like Jordan. My favorite anime, though, is Neon Genesis Evangelion. My parents introduced me to that anime, and they told me that's why I was named Rei. I was born in Japan but moved to the United States when I graduated from high school to go to college. I ended up going to Davenport University in Grand Rapids, Michigan. I graduated with a bachelor's in business administration. I don't know what I will do with my degree yet, but I at least know how to run a business if I want to work for a company or start my own.

PAUL

Nice to meet you all. I would love to have you join our group. We need to think of a new name and what we are going to do with the group. We are trying to distance ourselves from the bad people we met and start anew.

REI

I see. My friends told me they want to be singers, animators, vloggers, and content creators.

JENNIFER

That is true.

Jordan

What about the Creator Crew

PAUL

That’s too lame.

Jordan

What about Fantastic Gang

Jennifer

That's also too lame.

Rei

What about The Universal Artists?

Paul

That's the perfect name. Content creation is what we have been leaning towards lately because what we have done before doesn't seem fun anymore.

Jennifer

I Agree

Paul

Then it's settled. The Universal Artists is the new name for our group. For you guys to join our group, you have to promise me and the

rest of my friends that you will be honest, treat the members of our group with respect, and protect us and our other friends from harm when we are in trouble.

Jennifer

We promise, right guys?

Jordan, Michael, Rei, Lynn

Yes, ma'am

Paul

Alright. You guys are in. Starting today, you guys will be able to live here at the group house since it has been paid for, and the only thing I pay for now is utilities.

Jennifer

Awesome. We will start moving in tomorrow. How does that sound, Paul?

Paul

That is okay with me.

Jennifer

Alright, team, let's go pack stuff up and get ready to move into our new home tomorrow.

Jordan, Michael, Lily, Rei, Lynn

Okay

Jennifer

See you guys tomorrow!

Paul, Quin, Naomi, Phillop, Talya, Georgina

Bye!!!

The camera shows the new members of the group leaving, then turns to face the Data Crew House, the logo slowly fades from the Data Crew logo to the Universal Artists logo. The background turns black, and the Universal artists logo enlarges and moves to the center of the screen for seven seconds after the background fades. The logo fades to black. The episode ends, and credits start.
